

CANADIAN LUMBER

Canadian Style with Canadian Quality. This is Canadian Lumber.

100%
All Natural

Premium Rolling Papers: 1.25 w Tips

- At Canadian Lumber, we believe that paper should not mask the smokable product.
- All of our papers are made of 100% unrefined and unbleached all natural pulps.
- We don't use chemical glue. Instead we use 100% all natural Arabic Gum (distilled tree sap), sourced from a conflict free trade organization in West Africa.
- We have a partnership with the University of Guelph's product testing lab, where they preform allergen testing to ensure the quality of all of our papers.
- The back of the booklet opens to fold into a rolling tray!!
- We focus on producing the best products so that our customers don't have to worry about what they're smoking.

100%
Smell-Proof

Barrier Bags

We wanted to make sure that our Barrier Bags were not only smell-proof but actually lasted longer than a few weeks of regular use. This is the reason we went with food-grade plastic and a food-grade zip-locking seal. Our bags are thicker than any other on the market. We took it even further by reinforcing the bottom with aluminum poly blend so that makes these truly "poke-proof". We know that some stems break even the thickest of plastics, and with our bags that's not a concern.

Product Description

- Minimum 5.2 mill (132 micron) each side
- 100% completely smell-proof
- 100% Air, moisture, and water-proof
- Made of PET-VMPET-PE
 - Strong "poke-proof" bonded mylar (polyethylene terephthalate)
 - With a Metallized PET (aluminum) bottom bonded with polyethylene

1/8 oz size

- 9.14 cm x 12.6 cm x 3.99 cm gusset

Item	UPC	Dimensions	Gross wt.	Pack
Single	628110644121	12.4cm x 9.2cm x 0.02cm	4 g

Built
to Last

The Rolling Tray: Branded Series

We know that a lot of companies have trays and they all make claims. We made improvements.

Our trays are designed to last for the Canadian active lifestyle. Built strong enough to come on your hikes and campfire sessions, or simply chill at home and keep it is a collection piece.

Product Description

- Thicker and stronger than most, so that they won't warp or twist
- Wider and deeper corners, easier to scoop from
- Dishwasher safe but if hand washed they'll last forever

Medium Tray Details

- 27cm x 16cm x 2.69cm
- Weight 153g
- 100% tin that is 0.35mm thick

The OG

Our First Design Ever.

This was our first ever production run of trays and will always be a staple.
